Guemar, El-Oued

PROFILE

I am pursuing my **First Master's Degree in AI & Data Science**, focusing on cutting-edge technologies and methodologies. My studies cover **machine learning, deep learning, and data analysis**, equipping me with strong analytical skills.

I gain practical experience using **Python, TensorFlow, and data visualization tools** to solve real-world problems.

Through projects and research, I apply **AI and data-driven solutions** to diverse challenges.

This degree enhances both my **theoretical knowledge and hands-on expertise** in the field of AI.

LANGUES

English

Français

Which university am I from ?

University of Martyr Hama Lakhdar

El-Oued-Guemar - Algeria

1st Master's Degree in AI & Data Science

Experiences & Skills

Desktop Application

- Developed **desktop applications** using modern frameworks (JavaFX, Swing, or C#).
- Experience in **CRUD operations, database integration, and UI design** for desktop environments.

Android Application

- Built **Android mobile applications** using Kotlin and Java.
- Ensured **responsive design and smooth user experience** across devices.

Web Development

Developed **full-stack web applications** with React, Node.js, Express, and databases.

- Experienced in **REST APIs, authentication, and responsive UI/UX design**.

AI & Data Science

- Worked on **machine learning and deep learning projects**, including data preprocessing, model building, and evaluation.
- Skilled in **Python, TensorFlow, PyTorch, and data visualization tools**.
- Applied AI techniques for **predictive modeling, NLP, and computer vision** projects.
